

Information about e-visa of the Republic of Kazakhstan

The Republic of Kazakhstan is introducing a procedure for obtaining **a single entry visa for foreigners in electronic format** from January 1, 2019.

An electronic visa (*business, tourist and medical treatment*) is issued based on a valid invitation from the Kazakh side, considered by the migration service units of the Ministry of Interior of the Republic of Kazakhstan under the established procedure.

Foreigners can enter/exit the territory of the Republic of Kazakhstan using a valid electronic visa **only through the checkpoints of international airports of Astana and Almaty.**

Tourist electronic visas are issued to citizens of 117 states, business and medical treatment visas - 23 states (the list of countries is attached).

The electronic visa is valid only for the recipient of the visa and does not apply to accompanying persons.

Paid consular fees are not refundable.

Passport provided by the recipient of a visa should meet the following criteria:

1) should not cause doubts in authenticity and belonging to its owner, have marks of extension, reservations, notes, erasures and corrections, torn or unsewn pages;

2) should have at least 2 blank pages;

3) should expire no earlier than 3 months from the expiry date of the requested visa.

The Kazakh inviting side informs the migration authorities about arrived foreigners within three working days (this service is available online at the Visa and Migration Portal).
